TURMOGEARGREASE L 0

LUBCON-Special Grease

TURMOGEARGREASE L 0 is a short-fibrous high pressure grease of soft consistence with chemical effective EP-additives.

Technical Data

TURMOGEARGREASE L 0

Temperature range	-30°C up to +120°C
short time	130°C
Dropping point °C DIN 51801	above 170
Rest penetration 1/10 mm DIN 51804	355 - 385
Worked penetration 1/10 mm DIN 51804	355 - 385
Consistency class NLGI	0
Saponification	Lithium
Water resistant at +90°C DIN 51803	1 a
Mechanical load - VKA	280/300 kp/cm ²

Application

Gear grease in fluid consistency for tooth and worm gears as well as as small gears with low drive power.

Original Packings

Cans of 6 x 1 kg, 12 x 1 kg, 25 kg hobbock, 180 kg drum
