

## TURMOTEMP II/400 VAC 3 Fluid 90-480

Date of issue: 02.10.2014

**TURMOTEMP II/400 VAC 3 Fluid 90-480** is a prediluted dispersion of **TURMOTEMP II/400 VAC 3** in **TURMOTEMPOIL 480**.

Technical data of **TURMOTEMP II/400 VAC 3** available on a separate data sheet.

Product Characteristics	Value	Dimension	Norm / Standard
Colour	whitish		
Density at 20°C	1,7	g/cm <sup>3</sup>	DIN 51757
Operating temperature range	to approx. 55°C	°C	
Thickener	PTFE		
Base oil	PFPE		
Kin. viscosity of the base oil at 40°C	490	mm <sup>2</sup> /s	DIN EN ISO 3104
Kin. viscosity of the base oil at 100°C	42	mm <sup>2</sup> /s	DIN EN ISO 3104

### Application

**TURMOTEMPOIL II/400 VAC 3 Fluid 90-480** is used for preservation and thin-film lubrication of all bearing types and various seals.

Shake dispersion well before use.

### Packaging units

1 l bottle, 5 l canister, 20 l canister
