

# TURMOWOODOIL MKP Cleaner

Date of issue: 07.02.2018

**TURMOWOODOIL MKP Cleaner** is a high temperature chain oil and cleaning fluid.

**TURMOWOODOIL MKP Cleaner** is using the latest additive technology. A special formulation assists in cleaning friction points from residues.

**TURMOWOODOIL MKP Cleaner** is a highly thermal stable ester oil to be used in continuous presses.

## Special properties

- High penetrating power
- Excellent lubricating properties
- Ideal cleaning properties
- Excellent wear protection
- Excellent Brass and Copper corrosion-protection properties

Product Characteristics	Value	Dimension	Norm / Standard
Colour	yellowish brown, transparent		
Density at 20°C	0,97	g/cm <sup>3</sup>	DIN 51757
Operating temperature range	to 250	°C	
Oil type	Ester		
Kinematic viscosity at 40°C	100	mm <sup>2</sup> /s	DIN EN ISO 3104
Kinematic viscosity at 100°C	11	mm <sup>2</sup> /s	DIN EN ISO 3104
Viscosity index (VI)	93,8		DIN ISO 2909
Pour point	-10	°C	DIN ISO 3016

## Application

**TURMOWOODOIL MKP Cleaner** provides a soften and gradually removal of old residues from beneath rollers and chain links of the carpet chain.

The miscibility with **TURMOWOODOIL 1** and other similar commonly used products is given.

**TURMOWOODOIL MKP Cleaner** can be applied manually and by automatic lubrication systems. A supervision by a LUBCON service engineer is necessary.

**TURMOWOODOIL MKP Cleaner** was specially developed for the Metso-Küsters continuous presses.

## Packaging units

5 l canister, 20 l canister, 200 l drum

The products are subject to continuous strict production controls and comply with our own factory specifications. A warranty for each case cannot be given, due to the variety of relevant factors. Therefore, we recommend the implementation of field tests. Herewith, any liability is expressly excluded.
